If you are interested in playing a role in developing leaders and shaping the future of members of our community, then we encourage you submit your resume for this exciting position.

Responsibilities

This exciting role requires the successful candidate to develop and provide an invitational learning environment that includes designing, updating, delivering and evaluating curriculum in a variety of areas in the ECE programs. These areas include but are not limited to: programming and environmental planning for a wide variety of age groups; early literacy, numeracy, music and movement, empowering and supporting families and developmentally appropriate practices.

The instructor is responsible for providing academic leadership and developing an effective learning environment for students. This includes designing, revising and updating courses/curriculum; teaching assigned courses; consulting with stakeholders (faculty, community and industry partners); defining course objectives and evaluating student comprehension of objectives; utilizing a variety of instruction medium/resources; and provide individualize instruction where necessary. Other duties may be assigned as necessary.

Qualifications

The successful applicant must have:

- ECE Diploma.
- Must be a registered member of the Early Childhood Educator's College.
- Degree in a related field.
- Minimum of 5 years current practical work experience in the ECE field (preferably in a variety of settings).
- Thorough knowledge of the multi-dimensional nature of the ECE field.
- Proven dedication to excellence in teaching and learning practices as well as commitment to student success.
- Past record of forging strong working relationships with peers and co-workers.
- Indication of contribution to a strong team environment and positive work culture.
- Evidence of commitment to guiding and supporting students toward success.
- Demonstrated ability to work with diverse student populations.
- Excellent written and oral communication skills.
- Strong organizational, problem solving, and analytical skills.
- Previous teaching experience at the post-secondary level and/or adult training experience.
- Knowledge and/or experience in the implementation of emergent curriculum/inquiry based learning and pedagogical documentation.

Salary:
